YOU'RE COVERED

# \$5,000,000

General Liability Insurance

Do you know that if a visitor to your open house slips, falls and hurts themselves, you may be sued?

### Legal Defence

Most of the claims that require legal defence costs for REALTORS often have nothing to do with the actual claim but you may be included in the writ when a 3rd party is suing. As a Sutton West Coast REALTOR you are covered by our Commercial Comprehensive General Liability Insurance policy. It covers legal liability to 3rd parties for Bodily Injury and Property Damage, resulting from the business of real estate sales. Every REALTOR need this but not all have it.

**You're Covered with Sutton West Coast.**

ERRORS AND OMISSIONS

# policy

**We have you covered!**

Most brokerages offer their agents a standard industry provided Errors and Omissions plan of \$1 million dollars. With any claim over \$1 million dollars an agent's personal assets are at risk which can cause some sleepless nights. On top of any claim amount there is the added expense of legal defence costs leaving agents with substantial exposure.

As Sutton Group - West Coast Realty we went the extra mile to give our agents peace of mind while investing in their future! We did this by providing our agents with the highest Errors and Omissions policy available in the marketplace with an additional **\$5 million dollars** in coverage, on top of the standard \$1 million dollar industry provision. Now our agents can focus on selling real estate without worrying about their insurance coverage.
